

How do you judge a bagel?

There are four pillars.

- 1. Taste**

The taste of a great bagel should resemble that of freshly baked bread.

- 2. Crispiness of Crust**

A great bagel should have a (very) slightly crispy crust.

- 3. Pull**

There should be a distinct “pull” when a piece is separated from the whole.

- 4. Chewiness**

Every great bagel should have a chewy inside.
